

## **SoTL Final Report**

1. What did you set out to do? What happened in the end (publication, presentation, other)?
2. What were the main findings of your project?
3. How did they influence teaching and learning?
4. What issues impacted the forward progress of the project?
5. What did you mainly use the funding for and why?
6. What supports were most helpful to you?
7. What supports did you wish you had?
8. What else should we need to know that we didn't think to ask?
