

Poll Everywhere & Canvas LMS LTI 1.3/LTI Advantage integration guide for Canvas educators

Version 2.0.0

Before you begin

In order to use the Poll Everywhere LTI Advantage Canvas integration, you must first Publish the course and add a start and end date for the course term.

1. Ensure the course is Published using the button at the top right of the Course home screen.

Course Status

Coming Up

Nothing for the next week

2. Next, go to the course Settings and on the Course Details tab make sure the course has a start date in the past, and an end date that is in the future from when you intend to use the integration.

Course Details

Name: Communications 101

Course Code: Com101

Blueprint Course: Enable course as a Blueprint Course

Time Zone: Pacific Time (US & Canada) 08:00

SIS ID:

Subaccount: Poll Everywhere

Term: Default Term

Starts: Aug 9, 2019 at 2:44pm
Local Fri Aug 9, 2019 2:44pm
Course: Fri Aug 9, 2019 11:44am

Ends: Dec 31, 2019
Local Tue Dec 31, 2019 12:00am
Course: Mon Dec 30, 2019 9:00am

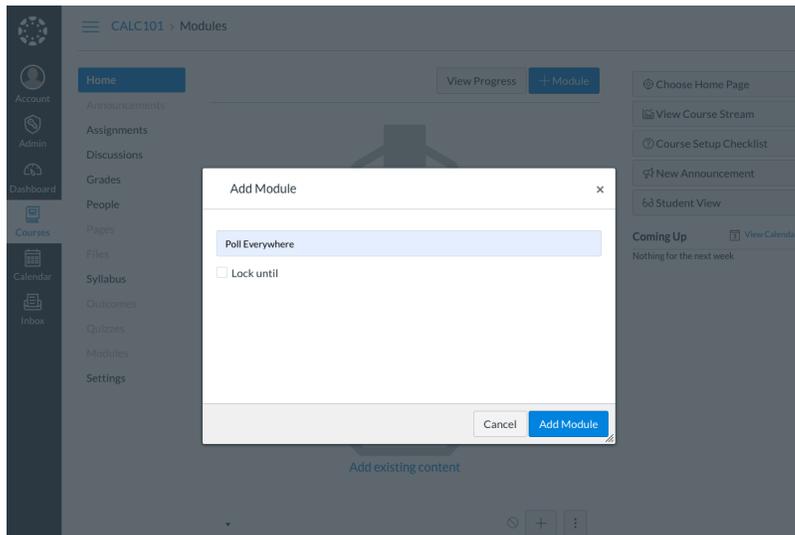

Changing course dates may override term availability settings and placement in the Courses page and Dashboard. Please confirm term dates before modifying course dates.

Students can only participate in the course between these dates. When selected, the course is in a read-only state outside these dates.

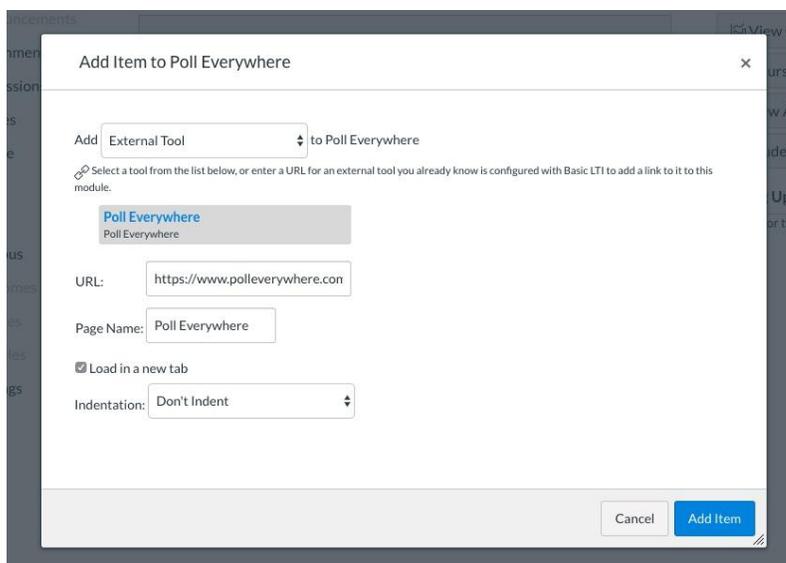

Restrict students from viewing this course after end date

Connecting your course to Poll Everywhere

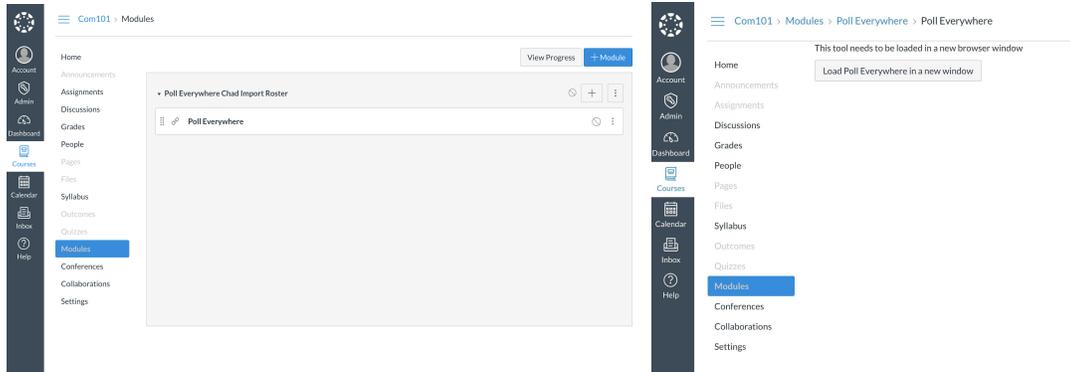

1. Go to the course that you wish to connect with Poll Everywhere and click the '+ Module' button. Name the module whatever you like in the subsequent popup window, then click the 'Add Module' button to save.

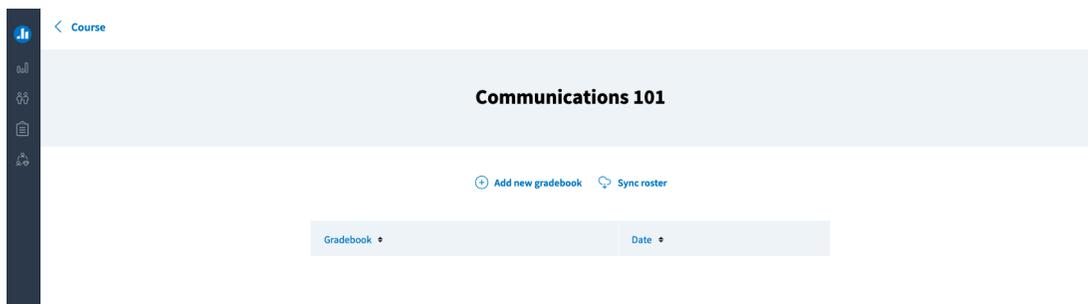

2. Within your new module, click the '+' button. From the dropdown menu at the top of the popup window, select 'External Tool', then select Poll Everywhere. URL and Page Name fields will auto-populate below. Lastly, check the 'Load in a new tab' checkbox to and click 'Add Item' to save.

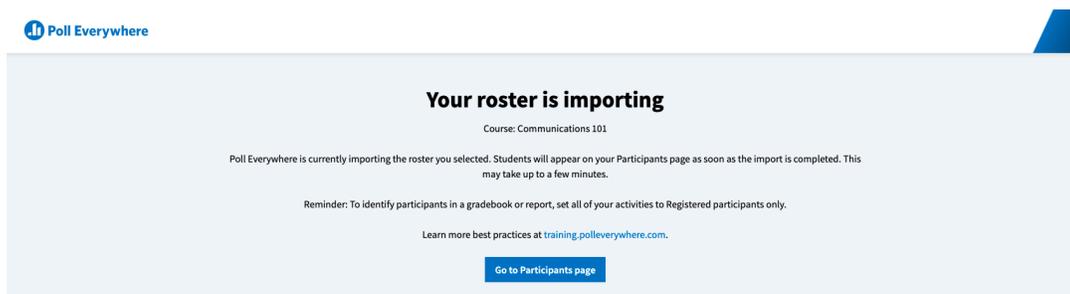

- Now, click on the new Poll Everywhere link that you made within the module. You will see a 'Load Poll Everywhere in a new window' button. Click this button to launch the Poll Everywhere connection.

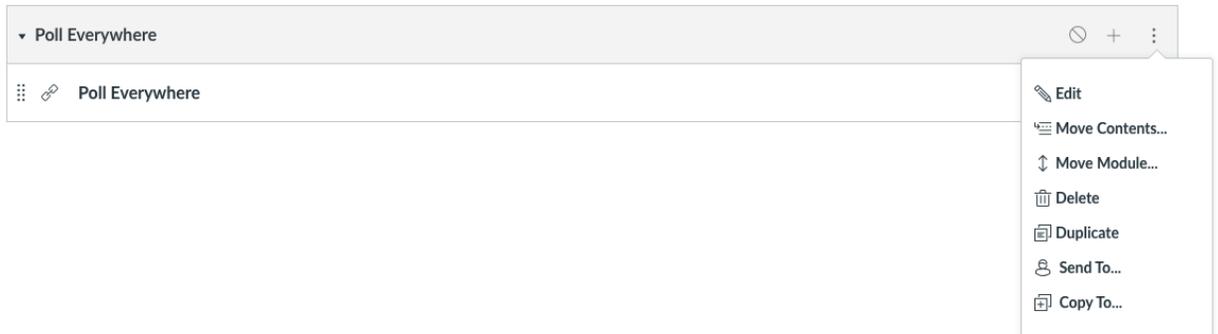

- In the new tab, you will be asked to acknowledge you are launching Poll Everywhere through Canvas. Acknowledge the launch. On the next page, you will see a button to 'Sync roster' to import the students from your course into Poll Everywhere.

After you click this button, a page will inform you that the participant import is proceeding, and you will see a 'Go to Participants page' button. Click the button. Once on the participants page, you will be able to verify that the import took place because there will be a new group named after your course.

Now that you have connected your course to Poll Everywhere, you can delete the module you used to make the connection. Optionally, you can use the link in this module to perform future LTI actions.

Exporting a Gradebook report

Once you have collected some activity results from students, you can export those results to Canvas. You can initiate this flow from the Canvas module, from the Poll Everywhere participants page, or from a Poll Everywhere report. Each report you export will create a single grade column in Canvas, regardless of the number of activities in the report. Poll Everywhere Gradebook reports can either be exported as a graded assessment or for participation.

If you are exporting a report starting with the Canvas module, click through the module you created in the 'Connecting your course to Poll Everywhere' section and jump to Step 3.

If you are starting from a specific Gradebook report in Poll Everywhere, jump to step 5.

1. Start on the Participants page and select the LMS Course link.

Participants
Manage the participants that respond to your activities.

LMS Connections

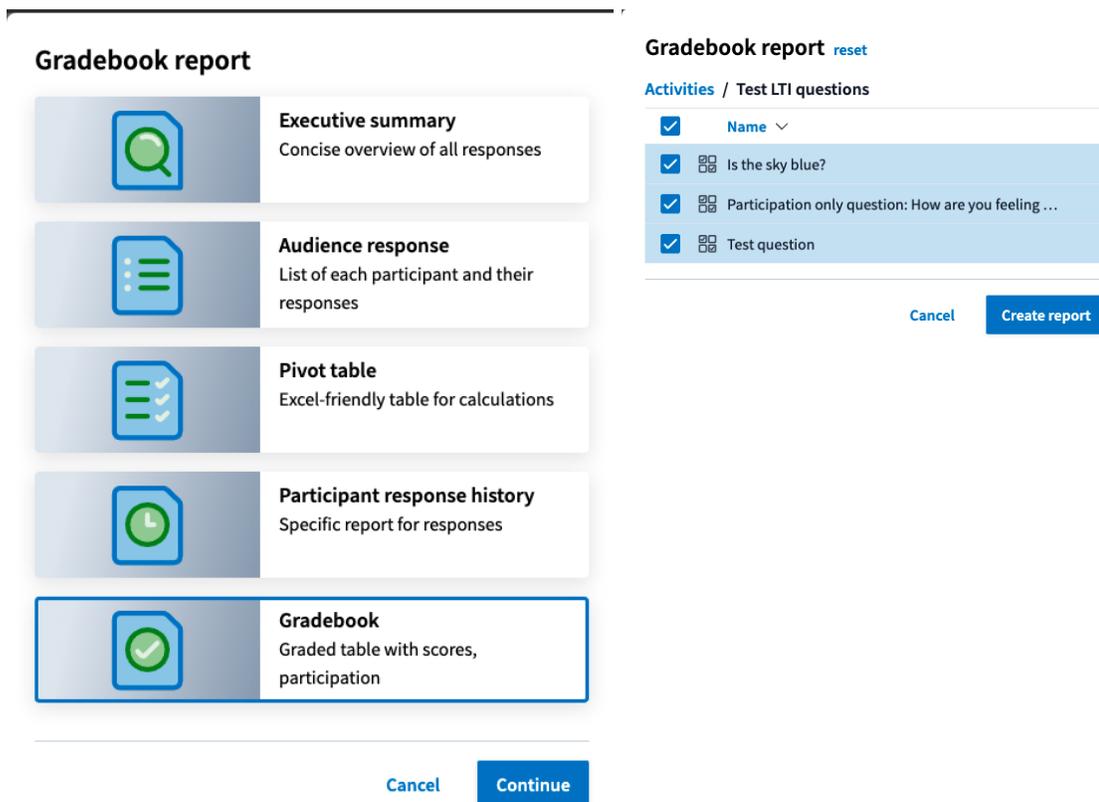

Name	Date	
Communications 101	August 19, 2021, 10:57:11 AM	Sync roster

- From this page you can create a new Gradebook report, or choose a Gradebook that you have already created for this LMS course.

Note: You cannot edit the activities within a Gradebook report, but choosing a previously created report will allow you to update and re-export the results.

- Adding a new Gradebook will put you into the report creation flow. In the side panel, select the Gradebook report and then the activities you wish to include in your report.

- Review the Gradebook report, and click the Export button at the bottom right when you are ready to export the grades to Canvas.

Note: The name of your report will be the name assumed by the grade column in Canvas. You can rename your report by clicking on the 'Rename' link next to the title at the top of the report.

Activities 3

- Test question
- Is the sky blue?
- Participation only question: How are you feeling today?

Participants 6

Select run Current run

Download **Export** Print

- When you click the export button, you will see a popup that will either ask you to confirm the LMS course, or select the course to export the report to from a dropdown menu. Additionally, you will have the option to export the report as Grades or Participation. Make your selections, then click Next.

Export report

Exporting this report will automatically update it to include only the students from the imported course.

The report will be filtered to the Communications 101 group.
